**Minutes of Meeting**

**2024-2025**

Date: August 10, 2024

**Agenda:** Conducting a tree plantation drive

A meeting of the environment cell of St. Bede's College was held on August 10, 2024 to discuss about conducting a tree plantation drive in the college campus. After deliberations, it was agreed that the focus would be on planting environmentally beneficial species to enhance the green cover of the college. It was decided that the District Forest Officer (DFO), Shimla, will be formally requested to provide saplings of the Deodar tree for the plantation drive. The Deodar tree, known for its ecological significance and aesthetic value, was chosen to contribute to the environmental sustainability of the campus.

The following members were present in the meeting

1. Dr. Shruti Gupta

2. Mr. Sanjeev Kumar

**2024-2025**

**Date: November 19, 2024**

**Agenda:** Conducting a cleanliness drive in college campus

A meeting of the environment cell of St. Bede's College was held on November 19, 2024 to discuss about conducting a cleanliness drive in the college campus. The members discussed the need for a comprehensive cleanliness drive to promote environmental awareness and encourage responsible waste management practices among students and staff. It was decided to organize a cleanliness drive within the college campus, targeting key areas such as classrooms, corridors, courtyard, and common spaces. The drive will aim to not only clean the campus but also educate participants about sustainable waste management practices.

**2024-2025**

**Date; December 9, 2024**

**Agenda:** Organizing a compost sale

A meeting of the environment cell of St. Bede's College was held on December 9, 2024 to discuss about organizing a compost sale for the college staff and students. It was decided that the compost prepared in the composting unit of the college will be packaged and sold to the staff and students of the college at an affordable price. Members expressed enthusiasm about the project's potential to contribute to environmental sustainability and the college community's awareness.
